EYECRYL[®] PHAKIC

More than an experience

Make you
Experience,
Feel & Believe
is what we aim
to confer with our
Experience Lab

Please join us on our EYECRYL PHAKIC hands-on training that will help you to understand and experience just right technique of loading and implantation of the IOL. Each 30 min session will have a short theoretical introduction followed by practical EYECRYL PHAKIC implantation in an artificial eye.
